

TERRIFIC TORNADO.

16 Persons Killed—Damage Immense!

SPRINGFIELD, Ill., May 27.

The Jacksonville correspondent of the State Register says that the most terrific tornado occurred twelve miles south of that city yesterday. The violence of the whirlwind is described as exceeding anything of the kind ever witnessed, except in the West Indies.

Sixteen persons were killed and very many seriously injured, some fatally. Houses were demolished and blown to atoms. There is an incalculable amount of damage done to property of every kind. As yet we cannot learn the names of the killed and wounded.

An accident occurred on the Great Western Railroad to-day, nineteen miles west of this city. The axle of the tender broke and eight cars were thrown from the track.

Thomas House, brakeman, was wounded, perhaps fatally. No other person seriously injured.

Funeral of Baron Humboldt.

Baron, Tuesday, May 10, 9 A. M.—The solemn funeral procession of Alexander von Humboldt is now on its way to the Cathedral. All that represents science, art, and intelligence in Berlin joins in the procession. Three Chamberlains in gold costume, bearing the orders of the illustrious deceased, precede the funeral car, which is drawn by six horses from the royal stables. Upon the car is a simple unadorned coffin of oak adorned with flowers and laurel. On either side of the car are students, bearing green palm branches.

A line of carriages of immense length closes the procession. The Prince Regent and all the Princes and Princesses are assembled in the Cathedral, awaiting the arrival of the great philosopher's mortal remains. A mournful aspect overspreads the whole town.
